

## **International Conference on Special Education**

### Description:

Researchers, scholars, parents, teachers & trainers, non governmental organisation leaders from different countries are going to meet in Cyprus and a significant number of academic people from related fields will participate in the conference in order to discuss advances, problems and solutions in "Special Education" and its interaction with other educational sciences. The conference will be supported by some specific workshops and satellite symposiums aiming training of trainers on the field. The conference will be held in Kyrenia on the island of Cyprus. A beautiful location with its climate, landscape and historical sights.

Country: Cyprus

City/Suburb: Kyrenia
